General Description

General description:
This well-appointed professionally built 22 meter Passenger Craft is designed for a commercial operator or resort, catering for clients on scenic day cruises, snorkeling and / or diving excursions and social events. Cool breezes and sweeping views are optimized by the open sided hard top design; providing protection from the sun, with the option of roll down clears if required.
The vessel features a commercial style galley with stainless steel appliances and additional wet bar forward. Easy access to the water is via the dual walk through transoms with fresh water showers available.

Business Opportunity
Owner is also prepared to sell as a working Charter Business (Established 10 years).

Cruise ship support:
The vessels high freeboard has resulted in three separate boarding heights being available; these are ideally suited for the transport of visiting cruise ship passengers to shore or direct to an island / excursion.

Features include:
Raised helm with easy access ample storage underneath for supplies
Day bar with cold drink storage and ice machine
Equipment & service bar with secure storage for stock in trade
Seating approval for 130 passengers including 4 crew
Galley full commercial grade
Separate male & female toilets; spacious and well appointed
Side boarding access at three points
Dual 65 person life rafts
Anchor system including windlass and thrusters
Open sided hard top with roll down clears
Bose sound system and interconnected video / karaoke capability
